

B3  
Canceled

paper cutting and delivery means, said second cutting and delivery means being mounted below said first cutting and delivery means, said third cutting and delivery means being mounted below said second cutting and delivery means whereby all three cutting and delivery means are mounted parallel to each other and all direct paper from a first end of said frame to a second end of said frame, a paper holder of said second cutting and delivery means being larger than said paper holder of said first cutting and delivery means, a paper holder of said third cutting and delivery means being larger than said paper holder of said second cutting and delivery means;

said exit in said frame comprising two rollers and an opening in said frame, said exit for receiving paper from each of said cutting and delivery means; and an actuating means operationally coupled to said each of said cutting means and to each of said motor means, said actuating means being programmable for variable cutting and perforating patterns.

#### REMARKS

Reconsideration is respectfully requested.

The Examiner's rejections will be considered in the order of their occurrence in the Official Action.

#### Paragraph 1 of the Office Action

The specification has been objected to.

Claims 1, 11 and 12 have been rejected under 35 U.S.C. §112

(second paragraph) as being indefinite.

The above amendments to the claims and specification are believed to clarify the requirements of the rejections, especially the particular points identified in the Office Action.

Withdrawal of the §112 rejection of claims 1, 11 and 12 is therefore respectfully requested.

In light of the foregoing amendments and remarks, early reconsideration and allowance of this application are most courteously solicited.

Respectfully submitted,

Date: 12-21-00
